NAVIGATION OF THE OHIO RIVER.

The Baltimore and Ohio Railroad Company being authorized by act of Congress to construct a Bridge across the Ohio River, at Parkersburg, West Virginia, find it necessary to place timber trestles or false works in the channel, for the purpose of erecting the superstructure of said Bridge.

This is to give notice that on and after the fourth of this mouth the channel span next the Virginia shore will be obstructed by false works for that span; the other channel span, next the Ohio, shore, will be left open until this one is cleared.

All Boats, Rafts and Coal fleets are warned to make for the channel span on the Ohio side. JAMES L. RANDOLPH, Chief Engineer, Baltimore and Ohlo Railroad.
